Allowabl Subject Matt r

1. The following is an examiner's statement of reasons for allowance:

Regarding claims 1-14, the allowability in combination with the other claimed features is because nowhere in the prior art is there an electronic device having the terminal electrodes and the external electrodes are arranged in a positional relationship where the direction of a line connecting the pair of terminal electrodes and the direction of a line connecting the pair of external electrodes intersect. Regarding claims 10-14, the allowability in combination with the other claimed features is because nowhere in the prior art is there an electronic device having the land patterns and external electrodes are arranged in a positional relationship where the direction of a line connecting the pair of land patterns and the direction of the line connecting the pair of external electrodes intersect.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Anthony Dinkins whose telephone number is (571) 272-1972. The examiner can normally be reached on 6:30-3:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Dean Reichard can be reached on (571) 272-2800 ext.
